Sheryl C. Suragdeen, President
Florida Electric Contracting Service Inc.
1445 S.W. 21st Avenue
Fort Lauderdale, FL 33312-3109

Dear Mrs. Suragdeen:

Congratulations! Your firm has been certified as a Participant in the U.S. Small Business Administration's (SBA) 8(a) Business Development Program. Your nine (9) year program term begins on the date of this letter.

During participation in the 8(a) Business Development Program, you will receive business development assistance from an assigned Business Development Specialist in the South Florida District Office located at 100 S. Biscayne Blvd - 7th Floor, Miami, FL 33131. The phone number is (305) 536-5521

Your firm will become eligible to receive 8(a) Business Development contracts after you submit a business plan using SBA Form 1010C and receive SBA's approval of the plan. We are sending a copy of this certification letter to the SBA South Florida District Office. That office will send you the business plan form.

SBA requires that the 8(a) participant's President or Chief Executive Officer sign a Participation Agreement to show that he or she understands the conditions of 8(a) program participation. Please read the Agreement carefully, sign and date one copy and return it to the SBA South Florida District Office at the address shown in the third paragraph above. The second copy is for your records.

Even though your firm's approved North American Industry Classification System (NAICS) Code is 238210, your firm may be awarded contracts under other NAICS Codes, as long as your firm is qualified to perform the required service or task. In this regard, please note that contracts awarded under 8(a) Business Development Program authority generally result from the self-marketing efforts of participating firms. While your firm's acceptance into the 8(a) Business Development program is not a guarantee of contract support, SBA will make every effort to assist you in your marketing efforts.

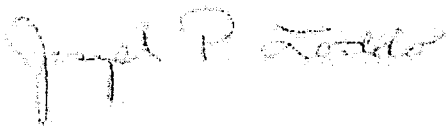

During your participation in the 8(a) Business Development Program, I encourage you to take advantage of the Mentor-Protégé Program, the Federal Surplus Property Program and the extensive management and technical training available to you. Your local SBA District Office can provide additional information on these programs.

If you have not already done so, we strongly suggest that you acquire access to e-mail to enhance your communication abilities with public and private sector buyers. Also, you should consider setting up a merchant account with a credit card company which will give you the ability to accept credit card orders for your goods and services from over 1,000 Federal buying offices. Finally, registration in the Department of Defense's Central Contractor Registration (CCR) database is a requirement to receive federal contracts. Therefore, if you have not already done so, you must register your firm, including

completion of the SBA supplemental page, in the CCR registry found on-line at <http://www.ccr.gov/>.

I welcome you as an 8(a) Business Development Program participant and wish you every possible success.

Sincerely,
